When it comes to insurance, one size doesn't fit all

At H&H Insurance Brokers, you get access to the widest range of policies available, rather than just a few standard packages as offered by some insurers.

This means you get exactly the right cover for your farm and don't end up paying for extras you don't need.

And with over 30 years' industry experience, we're fast becoming the insurance broker of choice for the regions' agricultural community.

Why not speak to one of our farm insurance experts today on 01228 406 290 for a 'no obligation' quote.

SALE OF YOUNG STOCK FROM THE LUCKOW HERD

Lots 61 - 128

Foreword

The **LUCKOW** pedigree herd milks 1500 high yielding Holsteins in the north east of Germany. They use the AltaPreg programme for all their matings and use 90% Alta sires throughout the herd. Due to the success of sexed semen they have too many heifers and these 68 bulling heifers have been selected by R. Loxam from a group of 108 all born from July November 2018.

The heifers selling will make super milking cows they are well grown and in excellent body condition. They really impress in the leg and foot department and have super locomotion. The heifers were imported into Scotland at the start of the month and are now on UK passports.

Herd Health: These heifers are BVD, IBR & Lepto accredited free and vaccinated for IBR. The dams have been tested clear of Johnes. And are free from TB.
