

# Winter Herd Classic Report 2019

We were honoured and privileged to welcome Mr Edward Griffiths Coachgate Holsteins to judge this years Winter Herd Competition, a task not for the faint hearted considering we had one of the strongest entries compared with the previous few years.

The standard as ever throughout our 2 days judging was exemplary and an absolute honour to have such outstanding herds within the membership. The cattle put before Mr Griffiths was turnout to a high standard from all farms visited an absolute credit to you all.

In summarising his time spent looking round Mr Griffiths comment on the exceptional quality of the 2<sup>nd</sup> calvers and milking heifers put before him – an honour to see quality and dairy strength throughout, young cows which will go onto to make magnificent strong cows of the future. A hard task deciphering the positions of these classes. He also mentioned the Ruth family from Messrs Butterfield – take nothing away from this particular class, although the only family group entered it really was phenomenal to see 5 descendants from Ards Duplex Ruth, he saw a 4<sup>th</sup> calver Goldsun daughter 3<sup>rd</sup> calver Atwood daughter 3 seconder calvers all by Brady. Robert & Elaine already having success with Ingleview Butz Ruth ET at the Yorkshire show 2018 winning the Junior cow in calf class.

I would also like to congratulate 4 new entrants this year, having never competed in the Winter Herd Classic before what an achievement to have cattle turned out so brilliantly and to such a high standard an absolute credit to you all.

This year saw the introduction of the HYB class – well supported by incredible enthusiastic members, their determination and hard work shone through. The future is in good hands with these guys coming through the ranks.

Finally well done to Evening Holsteins who once again set the standard and had an excellent show team put forward for us to see, consist quality throughout of all age of cattle which shone through. Hopefully an exciting show season ahead with some special individuals to keep an eye on throughout the year.
